ADOPTION APPLICATION

Please read through all points, complete and initial each page where indicated.

Once completed & signed, return to **pekingesehaven2015@gmail.com**

PLEASE NOTE:

Due to a number of issues during the past few years, we advise as follows :

- ▶ We do not home our Rescue's with power-breeds / large breed dogs. Our decision is **not** against the power/large breeds, it is purely based on our experience with the Pekingese breed. Pekingese have an attitude of being "Bigger" & "Stronger" than they actually are and will try and take on the bigger breeds, much to the Peke's detriment.
- ▶ We do not home our Rescue's where current dogs are either not sterilized and/or have not had yearly inoculations. We are a Rescue Organization and do not support the view of non-sterilization for "just one litter" or vaccinations are "not necessary".
- ▶ Our requirements to safely Re-home our Pekingese are paramount and our Homecheck will look at the following :
 - a home that is fully secured (walled and/or securely fenced);
 - a closed off driveway so that Peke cannot get out the front gate or that he/she can be safely secured away when driving in/out etc.;
 - a closed or covered pool/pond to avoid unnecessary heartache
- ▶ Each homecheck will be based on merit.

Please keep in mind that the above is entirely based around our Rescues, some of whom have been through so much horror in their short lives that we will be doing them a total disservice if we were not strict on the requirements of their new homes and new lives.
